

Israel Update

May 2023

Israel is a nation that has faced many challenges, but we often don't realize it has people living in poverty.

The difficult reality is that 20% of Israel's population is considered poor. Conflict, turmoil, and the constant threat of war takes its toll on a country, and unfortunately, it is usually the everyday people that feel the brunt of it.

The elderly, working poor, invalids, children at-risk and holocaust survivors are some of those benefitting from the food rescue program facilitated by Crossroads Cares partner Leket Israel.

"I KNOW THAT THE LORD SECURES JUSTICE FOR THE POOR AND UPHOLDS THE CAUSE OF THE NEEDY."

PSALM 140:12

For over 20 years, their mission has been to rescue nutritious surplus food, preventing food waste and re-distributing it to those who are hungry and need it.

Crossroads Cares Director Cheryl Weber has witnessed first-hand the remarkable logistics and supply chain operations that it takes to successfully deliver the food and meals to the non-profit organizations who are the recipients of the meals.

Last year, thanks to you, our faithful Crossroads Cares supporters, we contributed to the following results in 2022:

61M+

POUNDS OF FOOD PROVIDED

234K

PEOPLE FED WEEKLY

265

NON-PROFIT PARTNERSHIPS

Help save lives in Israel by partnering with Crossroads Cares. Your prayers and support can alleviate hunger and feed the people of Israel. Join us today!
